## Software Developer

✉ vyshnavikunapareddy@gmail.com ☎ 9441569939 📄 @kunapareddy-vyshnavi-351157185/

Eager and adaptable python developer with one year of hands-on experience in software development. Well-versed in machine learning concepts and skilled in MySQL database management. Proven ability to design and implement efficient and scalable solutions. Enthusiastic about contributing to a dynamic team, Excited about the prospect of bringing my technical expertise and problem-solving skills to your esteemed company.

## Experience

### Software Engineer Intern

Algonox Technologies | Feb 2019 - Sep 2019

- Designed and coded routes to implement key features for the product.
- Successfully implemented a new feature using text classification, significantly enhancing the product's capabilities.
- Introduced the text recognition feature as a microservice, contributing to the product's modular architecture.

### Software Developer | Product

Algonox Technologies | Feb 2019 - Present

- Developed code which uses machine learning models integrated to perform key functionality of product, which was made into product feature.
- Published the developed feature as a microservice, contributing to the product's modular architecture.
- This feature improved the functionality performance from 50% to 75%

## Education

### SSC with 10.0 GPA

2017

- GDETC High School

### PUC with 8.2 CGPA

2017-2019

- International Institute of Information Technology (IIIT) - Nuzvid

### B.Tech -CSE with 8.5 CGPA

2019-2023

- International Institute of Information Technology (IIIT) - Nuzvid

## Skills

- Solution Design
- Coding
- MySQL
- Machine Learning
- Docker
- Camunda BPMN
- Problem-solving
- Communication Skill
- Creativity
- Time Management
- Team Collaboration
- Attention to Detail
